

"Hot Topics" for Back to School

As board members of public charter schools, we think the following information is of interest. The survey results are taken from a random sampling of Ohio registered voters, public school parents with children expected to enroll in Ohio public schools for the school year beginning this fall. The surveys were performed mid-June, 2020 by Fallon Research.

Below are individual links to survey results of "hot topics" related to opening schools this fall.

- Opening schools in the fall: [click here](#).
- Taking temperatures before school: [click here](#).
- Requiring mask for schools: [click here](#).
- Having police in schools: [click here](#).
